

MEET THE BEES!

A **workshop** on pollinator identification & citizen science with Dr. Elizabeth Elle

Saturday, May 14, 1-5 pm

LOCATION:

Multi-Purpose Room 2 - Cambie Community Centre (12800 Cambie Rd, Richmond). The second half of the workshop will take place outside at the Bridgeport Industrial Park Pollinator Pasture.

HOW TO REGISTER:

Online – Visit www.richmond.ca/register and use the bar code #1512018
Registration Call Centre – 604-276-4300 (Monday - Friday 8:30am - 5:30pm)
In person – The Cambie Community Centre during facility hours.

Elizabeth Elle is Professor and Chair of the Department of Biological Sciences at SFU. A member of national (the Canadian Pollination Initiative) and international (the Integrated Crop Pollination Project) collaborations, Elizabeth's research focuses on the impact of human activities (urbanization, agriculture, cattle grazing) on pollinator biodiversity, and how we can preserve pollination services to wildflowers and crops in the face of pollinator losses.
