

Create Butterfly Net Sculptures

For The Bridgeport Industrial Park Pollinator Pasture

EarthHand Gleaners Society and Sharon Kallis would like to invite you to participate this summer in making sculptural works for the pine trees that line the Pollinator Pasture.

The concept of butterfly collection nets will guide our design and the nets will be made with our hand-made blackberry fibre rope.

Learn about harvesting local materials, making rope, meet new neighbours and enjoy the seasonal offerings of the Pollinator Pasture! Picnic dinners are encouraged, local performance guests daily.

Event Details

All events take place at the Bridgeport Industrial Park Pollinator Pasture - 12048 Vickers Way, Richmond, BC
